LinkedIn GitHub Portfolio

PROFILE

Motivated Software Engineering student and Frontend Developer with skills in HTML, CSS, JavaScript, React.js, C++, and MySQL. Experienced in building responsive web interfaces, designing intuitive user experiences, and managing relational databases. Currently learning Python and Flask for backend development. Passionate about problem-solving, clean design, and developing practical software solutions. Eager to learn modern technologies and contribute to real-world projects.

TECHNICAL SKILLS

Programming Languages: HTML5, CSS3, JavaScript, C++

Frontend: React.js, Responsive Web Design, UI/UX Design

Backend (Learning): Python, Flask

Database: MySQL, SQL, Relational Database Design, CRUD Operations

Tools & Platforms: Git, GitHub, VS Code, Figma

Core Skills: Object-Oriented Programming (OOP), Problem Solving, Frontend Development, Database Management

Soft Skills: Problem Solving, Communication, Teamwork, Time Management, Fast Learner

PROJECTS & EXPERIENCE

Airport Runway Management System | *Frontend Development*

- Designed a frontend interface for an airport runway management system.
- Presented runway-related information in a structured, dashboard-style layout.
- Focused on clear navigation and an organized user interface.

Online Donation Management System | *HTML, CSS, JavaScript, React.js, Figma*

- Developed a responsive donation website with interactive user interfaces.
- Designed user-friendly screens and wireframes using Figma.
- Tested and debugged website functionality across different screen sizes.

Database Management Project | *MySQL, SQL*

- Designed relational database tables and relationships.
- Created and executed SQL queries.
- Performed CRUD operations and data validation.
- Improved data organization and retrieval through structured database design.

Personal Portfolio Website | *HTML, CSS, JavaScript*

- Built a portfolio website to showcase projects, technical skills, and contact information.
- Created responsive website layouts.
- Published the website online and linked it with GitHub.

Web Development Projects | *HTML, CSS, JavaScript*

- Created responsive layouts for desktop and mobile screens.
- Applied modern web design principles.
- Developed interactive frontend elements.

EDUCATION

Bachelor of Science in Software Engineering | *The University of Lahore* **2023 – 2027**

LANGUAGES

Spoken: English, Urdu
